TITLE:	Préposé aux Bénéficiaires (PAB) Group 326 Code 3480
DEPARTMENT:	Long-Term Care Services
SUPERVISOR:	Manager of Long-Term Care
STATUS:	Indeterminate Availability
EFFECTIVE DATE:	May 1999
REVISION DATE:	March 2019

JOB SUMMARY

The PAB is an integral auxiliary member of the nursing team who is responsible and accountable for the care of residents/clients under the supervision of a professional nurse. The PAB reports changes observed in the residents/clients to the residents/clients nurse. He/she must give and receive reports to their assigned residents'/clients' nurse. He/she is responsible for adhering to all standards of care, all hospital policies and for promoting teamwork among coworkers. The PAB is required to attend in-service education programs, staff and unit meetings.

RESPONSIBILITIES

- Fulfills duties in accordance to department policies, procedures, schedules and KMHC personnel policies
- Assists the nursing staff in meeting the hygiene and comfort needs of residents/clients
- Records and reports on resident/client Activity of Daily Living (ADL) sheets as required by department policies and procedures
- Ensures safety measures are followed in the residents/clients environment, while providing care and when transporting residents/clients
- Is an advocate for the residents/clients and reports any abuse reported to them to the Nurse Manager
- Has attitudes and behaviors which assure the provision of safe care and services
- Is vigilant and takes responsibility to ensure a safe environment for all
- Declares all risk situations, near misses or accidents that are witnessed or discovered on KMHC premises
- Available to work shift work on all three shifts plus every second week end
- To foster an approach to care that is respectful, compassionate and culturally appropriate and competent, responsive to the needs, values, beliefs and preferences of clients and their family member, supporting mutually beneficial partnerships between clients, and health care providers
- Work in an environment that honours the wisdom of Indigenous beliefs, language, culture and traditions

DUTIES

Personal Hygiene:

- Provides assigned residents/clients with bathing, mouth care, skin care (back rub using lotion and special care as instructed), personal grooming, perineal care, washing hair, cleaning nails and facial shaves

Sleep and Comfort:

- Provides a clean, dry and comfortable bed
- Positions residents/clients in proper body alignment and turns them as specified by their care plan
- Ensures bedrail(s) are in the upright position as required and in accordance with the guidelines of being restraint free
- Ensures a call bell is within reach and functioning properly for residents/clients when they are in a bed and/or chair

Nutrition:

- Delivers and distributes meal trays
- Assists and/or feeds the residents/clients, gives food supplements, snacks and extra fluids as required
- Provides clean ice water on each shift
- Records and reports intake of food and fluid in accordance to procedures of the department

Elimination:

- Positions residents/clients on bedpans, urinals and commodes
- Empties and places clean liner in commodes and records bowel movements on ADL sheets
- Toilets residents/clients according to their individualised care plan for bladder and bowel regime
- Washes, dries and changes incontinent residents/clients
- Empties and cares for urine drainage bags in accordance to department procedures
- Measures and records urine output as required by nursing care plan
- Gives perineal care to residents/clients with in-dwelling and external catheters

Exercise:

- Encourages and assists residents/clients to increase or maintain their level of ambulation in accordance to their PAB assignment sheets.

Safety:

- Ensures residents/clients rooms remain free of clutter and the pathway to their bathroom is clear
- Cleans up spills of vomitus, urine and feces on floors or surface areas to prevent accidents and cross-infection
- Ensures that stretchers, beds and wheelchairs are in a locked position when required
- Ensures that needed articles are within reach for the residents/clients
- Ensures that the smoking policy is enforced
- Follows the fire policy and procedures

- Is responsible for knowing and using hospital equipment properly and under the direction of a Registered Nurse

- Takes filled laundry hampers to the laundry department
- Cleans utility rooms and the/tub linen room
- Defrosts and cleans the small refrigerator
- Cleans equipment including intravenous poles, commodes and geriatric chairs on a scheduled basis
- Puts away supplies, equipment and linen/laundry
- Ensure all bed and chair alarms are in place and working properly
- Resident/Client Admission:
- Ensures the room is prepared for admission
- Takes residents/clients weight upon admission

Resident/Client Discharge:

- Strips bed of all linens
- Clears the room of all medical equipment
- Washes commodes and basins
- Ensures that the resident's/client's belongings are packed for their family to bring home

Restraints:

- Is aware that restraints are only to be used as a last resort in accordance with the guidelines of being a least restraint environment
- Applies restraints as required, according to nursing procedure
- Checks residents/clients according to their nursing care plan and Medical Doctor's orders
- Ensures that the residents/clients are properly secured when seated or when being transported
- Is aware of the alternatives used in the place of restraints, including bed/chair alarms, floor pads, hip protectors and knows where they are kept

Fall Prevention:

- Ensures that the residents/clients are wearing proper footwear while ambulating
- Ensures that the residents/clients have any equipment needed to ambulate including walkers, canes or wheelchairs

Wandering Resident/Client:

- Keeps track of the whereabouts of confused, wandering residents/clients at all times
- Notifies the nurse immediately of any residents/clients that are absent from the unit

Psychosocial and Spiritual:

- Maintains residents/clients level of orientation by the use of verbal and non-verbal communication
- Participates in residents/clients planned activities

General Duties:

- Follows policies and procedures for infection control
- Performs post-mortem care
- Responds promptly to call bells
- Reports to the nurse in charge at the start and end of each shift and whenever leaving and/or returning to the unit
- Responsible to learn how to operate any equipment that is in use on the unit

Miscellaneous Duties:

- Reports any changes or observations in residents/clients status and condition
- Responds to all call bells from the residents/clients and all emergency bells
- Assists in answering telephones as required
- Assists in transporting residents/clients to and from hospitals for appointments as required
- Escorts residents/clients outdoors on hospital premises as needed
- Relieves co-workers for meals and breaks
- Delivers messages for the unit within the hospital
- Assists with any emergencies that may arise
- Carries out other related tasks upon discussion and agreement, as requested by the nurse in charge
